Players back on board for hockey fundraiser

By VICKI BROOKER
Review Staff

They had such an amazing response last year, that the organizers of a one-time event decided to do it all again.

Entries from players from as far away as Vancouver, BC are trickling in for the Second Annual Jim Vinge Memorial Hockey Tournament next week, and the organizing committee is hoping for a few more before the March 7 draft when the captains will pick their teams from a pool of players of varying levels of experience.

A number of the incoming players are Vinge's former teammates, from a career that included the St. Paul Jr. B Canadiens, the Elk Point Senior Elks and the Jorvik recreational hockey team, and a few may even be young men Vinge coached in the Elk Point Minor Hockey system. Together, they will hit the ice at the A. G. Ross Arena on March 9 through 11 in a tournament that is not only a tribute to Vinge but a fundraiser for causes that he firmly believed in and worked hard for: Elk Point Minor Hockey and the A. G. Ross Arena.

Some of the weekend's proceeds will also go toward the Jim Vinge Sports Scholarship Fund, primarily those from a live auction at the Saturday evening roast beef supper, social and dance at the Elk Point Arts and Leisure Centre.

Group hug!

Cleaver the 4-H Beaver gathered up some little friends for a group hug at the Elk Point 4-H Multi Club's County Fair at the Elk Point Arts and Leisure Centre on the Family Day weekend. Games, goodies and a rompin', stompin' country-style hoedown were all part of the festivities. More Family Day fun, Pages 6 - 7.

Players in the Second Annual Jim Vinge Memorial Hockey Tournament will be dressed in commemorative jerseys like this one, now hung in the arena lobby.

RCMP respond to Myrnam emergency

The village of Myrnam was put on lockdown this past Saturday evening after a man thought to be carrying a firearm was being pursued by police, according to Elk Point RCMP Cst. Sarah Spaans.

Residents attending events at the curling and skating rink as well as the local school were kept inside after police attended the scene shortly after 8 p.m. The suspect fled on foot after being pulled over by police, Spaans confirmed.

RCMP officers from Two Hills, St. Paul, Vermilion and Elk Point detachments responded to the scene and eventually, with the help of the K-9 unit, caught the man and took him into custody early Sunday morning.

RCMP charged the man with uttering threats, operation of a motor vehicle after being pursued by police, unlawfully dwelling in a house and obstruction against a peace officer. The suspect's name has not yet been released.

TOWN OF ELK POINT NOTICE OF PUBLIC HEARING Bylaw No. 705/12

TAKE NOTICE that pursuant to the Municipal Government Act, R.S.A. 2000, as amended, the Council of the Town of Elk Point proposes to adopt Bylaw No. 705/12:

- Adopt an Inter-Municipal Development Plan with the County of St. Paul No. 19.

A copy of the proposed bylaw may be reviewed and inspected by the public at the Town of Elk Point Office during the hours of 8:30 a.m. to 4:30 p.m., Monday through Friday.

At 6:00 p.m. on March 12, 2012, the Council of the Town of Elk Point will cause a Public Hearing to be held at the Elk Point Seniors' Centre, at which time objections or comments regarding the proposed bylaw may be given and received.

Myron Goyan, Manager
Town of Elk Point
Box 448, Elk Point, AB.

Dated at Elk Point, AB. this 15th day of February, 2012.

NOTICE OF PUBLIC HEARING COUNTY OF ST. PAUL Inter-Municipal Development Plan

Notice is hereby given that the Council of the County of St. Paul No. 19 is considering Bylaw No. 1591, and the Council of the Town of Elk Point is considering Bylaw No. 705/12 which is a Bylaw to adopt a joint Inter-Municipal Development Plan.

The Intermunicipal Development Plan has been prepared in accordance with Section 631(1) of the Municipal Government Act, R.S.A. 2000 under the direction of the Council of the Town of Elk Point and the Council of the County of St. Paul No. 19.

The Inter-Municipal Development Plan (IDP) has been developed from a number of discussions, public input, and workshops. Its intent is to outline a cooperative future growth framework for the resolution of planning, economic development, servicing and transportation issues that are of joint interest between the Town of Elk Point and the County of St. Paul No. 19. The Plan will also establish a framework for future annexations.

The IDP reflects mutual agreement on growth areas for each municipality. This document outlines policies that apply to lands in the urban fringe and within the Town that are to be used as a framework for decision making in each municipality with input and cooperation of the other jurisdiction. Each municipality is responsible for decisions within their boundaries using the policies and the procedures provided in the Plan.

A copy of the proposed Inter-Municipal Development Plan can be picked up at the Town of Elk Point Office or County of St. Paul Office.

A Public Hearing will be held on Monday, March 12, 2012 at 7:00 p.m. or as soon thereafter as can possibly be arranged at the Town of Elk Point Office.

Riverland Challenge already a challenge for host groups

By **VICKI BROOKER**
Review Staff

With about three months to go before the Fifth Annual Riverland Challenge, organizers are once again facing a challenge of their own: to find a volunteer coordinator for the May 26 event.

Last year, following the departure of Sheila Thompson from the committee and the community, Elk Point recreation director Valerie Lazicki came forward to fill the vacancy. Now, however, she has also left Elk Point and the continuation of the popular, well-attended event depends on finding another replacement.

"We need a go-to person," says Daphne Schnurer, secretary of the Friends of the Forts, a group which shares hosting the event with Alberta's Iron Horse Trail. "We have lots of volunteers already in place but we need someone to make sure they know where to be and when to be there."

A person with good organizational skills and communication skills is being sought for the volunteer position.

The Riverland Challenge is a team triathlon involving canoeing on the North Saskatchewan River that ends with a portage carrying the canoe to a parking area, a run across the Fort George and Buckingham House Historic Site, and a bike ride on the forts' access road and nearby county

roads. Participants of all ages, from across the province and beyond, take part in this signature event.

The Riverland Challenge is expected to be one of the main topics of business next Thursday, March 8, when the Friends hold their annual meeting at the Elk Point Municipal Library.

The Friends will also be making plans for their other events for the 2012 season, including the July Saskatoon Festival, a day that combines an outdoor craft fair, children's activities and a seemingly endless supply of juicy and flavourful saskatoon pie, and the annual Forts Des Prairies Jamboree at the end of August, when musicians and vocalists perform an outdoor concert for an appreciative crowd.

The Friends of the Forts are a volunteer group dedicated to enhancing the visitor experience at Fort George and Buckingham House Provincial Historic Site, where the North West Company and Hudsons Bay Company built rival fur trading forts in close proximity back in 1792. The interpretive centre will mark its 20th anniversary this summer, and the Friends are hoping to attract new members to assist with hosting the special events and to help with planning for further enhancements of the historic sites and the events that celebrate them.

RCMP seek break-in culprits

Break, enter and theft

On Feb. 8, Elk Point RCMP received a report of an alarm being activated in the Vermilion Beach area. The responding members noted that a garage door had been kicked open and the contents of the garage had

been disturbed. Several hours later, the alarm was again activated and several items were discovered to be missing from the garage. Suspect(s) are unknown at this time. If you have information related to this investigation, please contact Cst. Bullock with the Elk Point RCMP at 780-724-3964.

Theft, threats

On Feb. 10, Elk Point RCMP received several phone calls from the Fishing Lake Métis Settlement, stating that several youths had threatened to burn down a residence and then had also attempted to steal a vehicle. Patrols were conducted and the two male youths were arrested a short time later. Both now face a future court date in relation to charges of breaching court orders, uttering threats and theft over \$5,000.

Drug Seizure

On Feb. 17, at approximately 6:00 pm, the Elk Point RCMP along with St. Paul Police Dog Services executed a judicially authorized search warrant at a rural residence, south of the Town of Elk Point. The investigation resulted in the seizure of a quantity of illegal drugs along with approximately \$2,000 of Canadian currency and various electronics.

Two adult males and one adult female were arrested at the scene.

Sherry Gingell, aged 52, has been charged with

numerous offences including three counts of possession for the purpose of trafficking. Donald Wakefield, aged 53, has also been charged with numerous offences including three counts of possession for the purpose of trafficking. Kevin Botting, aged 43, has been charged with possession of a controlled substance. All the accused have been released from custody and will appear in St. Paul Provincial Court on a later date.

Motor vehicle collision

On Feb. 17, Elk Point RCMP responded to a motor vehicle collision in Frog Lake. A 51-year-old male had backed into another vehicle in a parking lot. No injuries were sustained by the involved driver(s). Investigation revealed that the 51-year-old male did not have a valid driver's license, insurance or registration for the vehicle. Violation tickets were issued for these offenses and the driver will appear in St. Paul Provincial Court at a later date.

Domestic dispute

On Feb. 17, Elk Point RCMP responded to a residence in Frog Lake, after a female called 911 to report that she had been assaulted by her boyfriend earlier that morning. The female stated that she received minor bruises from the assault. Patrols were conducted and the 20-year-old male was located a short time later. He now faces a charge of assault and will appear in St. Paul Provincial Court at a later date.

Bruce Smith Memorial Award

Nicole Plunkie was honoured with the Bruce Smith Memorial Award, presented by Lucille Smith in recognition of her helpful ways and caring attitude toward fellow students. The award is given out each year in memory of the late Bruce Smith, a F. G. Miller student who passed away in a farm accident, and is sponsored by his parents, Lucille and Allen Smith.

Vinge

(Continued from Front Page)

"We have some awesome items for the live auction," committee member Carla Ganske says, including Big Valley Jamboree tickets and tickets to the Oilers vs Columbus Blue Jackets game. "You don't have to play hockey to come to the social, it's for the whole community."

Items for the live and silent auction are the result of "wonderful response" to a request to local businesses and individuals for donations, Ganske says. The silent auction will also be on display at the arena during the weekend, to attract bids from the expected crowd of hockey fans.

The teams will be dressed for the occasion in various colours of jerseys matching the framed model recently hung in the A. G. Ross lobby in Vinge's memory. From the hockey sticks embellishing the frame hangs a coach's whiteboard bearing the following message:

"Community pride is an individual motivated not by where they are from but rather who they are there for. It's the simple pleasure of fulfilling your own life by fulfilling others, the others being where your spirit lives, your friends, your neighbours, your family and loved ones, and as they go hand in hand, pride is an individual's greatest accomplishment just as a community's greatest accomplishment is spirit."

Capsule Comments

by Your Natural Choice Apple Drugs pharmacist, Chris Letawsky

- It has been over thirty years since human insulin has been available for diabetics. Before that, insulin was obtained from the pancreases of slaughtered cows and pigs. These insulins were not exactly the same as human insulin and did cause some adverse reactions in some diabetics.
- When human clinical trials are done on new medications, two groups of people are compared: one takes the actual drug while the other group receives a placebo (a look-alike product that contains no drug). The larger the number of people studied, the more reliable the results are. Also, the drug group has to show a definite improvement over the placebo group otherwise the drug won't be marketed.
- If you wake up in the morning with a sore or stiff neck, it could be due to your pillow. Since we spend 6-8 hours a day on the pillow, make sure it's the right one for you. There are many "therapeutic" pillows on the market. Some are shaped to support the neck better and keep the spine in alignment. It might be the answer.
- Two breeding grounds for bacteria are your computer keyboard and your bedtime pillow. Because hands transfer bacteria easily, keyboards harbour lots of them. Giving them a quick wipe with a damp cloth will clear some away. As for the pillow, give it a good wash in the washing machine a couple times a year.
- In these days of fast-paced, computerized times, it's nice to know you can drop into the pharmacy and speak directly to a pharmacist in person. It's a good feeling for us too! We hope to see you visit our pharmacy soon.

Right place for families

The Family Day weekend activities in Elk Point definitely pointed out that this is a great community for families. The local 4-H Multi Club is made up of energetic families who were willing to spend their Saturday evening having fun with other parents and children, and hosting a festive gathering where all ages, from babies to great-grandparents, could have a good time together.

The town-hosted free movie on Sunday was an excellent opportunity for families to enjoy a show without having to go out of town or spend a lot of money, and the town-sponsored free barbecue lunch and free skating on Monday were also enjoyable ways to have fun right here at home, without spending a cent.

Thanks to the 4-H and the Town, Elk Point was definitely the right place to be on Family Day weekend!

Way Back When...

Rumours, river song, preserves

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE ELK POINT REVIEW AND THE LAKELAND REVIEW FOR THE WEEK OF FEB. 28 IN...

1987

Canadian Salt Company Limited Lindbergh works spokesman Tom Melnyk said there was "nothing of the kind on the horizon" in response to rumours that plant would be closed down, adding that the plant was "producing more salt now than ever." Traffic bottlenecks in front of the A. G. Ross Arena led to a new parking bylaw, making it illegal to park on the arena side of 51 Ave.

1992

The official Fort George - Buckingham House Bicentennial song made its debut at the Fur Trappers' Banquet, sung by 'voyageurs' Dennis Heffernan, Ed Poulin, Sam Donaldson and songwriter Rob Holliday, accompanied by Gabe Bayduza on accordion. Postmaster Bill Currey was at the Forts to accept four bags of commemorative mail when dogsledders Richard and Diane Smith mushed up the steep hills at the end of their grueling week-long, 210-km trip from Bruderheim through the winter's worst weather.

1997

Ninety years of Boy Scouts was commemorated on cakes by Beaver Colin Routhier, Cub Garret Zarowny and Scout Mathew Zarowny at the Elk Point Scouting Association's annual family banquet. Norcen Energy Resources nearly tripled the ability of the Elk Point Volunteer Fire Department to battle rural fires when the company donated a 1,800-gallon tanker truck.

2002

The Alberta Cow-Calf Association put its support behind the establishment of cervid (elk) harvest preserves, keynote speaker Harvey Aarbo told the Elk Point chamber of commerce. Even if funding was available, there likely wouldn't be a physiotherapist to fill a vacancy at the Elk Point Health Care Centre, MLA Ray Danyluk and Lakeland Regional Health Authority board member John Pilipchuk told Elk Point Interagency Health Committee.

2007

Shirley Harms was named the new vice president of the Elk Point Chamber of Commerce, joining incumbent president Sandy Smith, treasurer Lesia Porcina and secretary Vicki Brooker on the executive, and urging the chamber to get together and come up with a firm plan to promote business. Robyn Ockerman, Hilary Dallaire, Alanna Ockerman, Taylor Cochrane and Ashton Ewasiuk were the winners at Elk Point 4-H Multi Club's public speaking competition.

GUEST COLUMN

Leap Day tomorrow!

Tomorrow we will be experiencing an extra day in the month of February. For some people the leap year has a special significance. This year for instance, there have been initiatives to encourage people to put that extra day to use helping the planet. But where does the idea of a leap year come from, and why exactly do we have one?

Leap years are added to the calendar to keep it working properly. The 365 days of the annual calendar are meant to match up with the solar year. A solar year is the time it takes the Earth to complete its orbit around the Sun - about one year. But the actual time it takes for the Earth to travel around the Sun is in fact a little longer than that - about 365 1/4 days (365 days, 5 hours, 48 minutes, and 46 seconds, to be precise). So the calendar and the solar year don't completely match - the calendar year is a touch shorter than the solar year. It may not seem like much of a difference, but after a few years those extra quarter days in the solar year begin to add up. After four years, for example, the four extra quarter days would make the calendar fall behind the solar year by about a day. Over the course of a century, the difference between the solar year and the calendar year would become 25 days!

So why was February chosen to have the leap day? The Egyptians were the first to come up with the idea of adding a leap day once every four years to keep the calendar in sync with the solar year. Later, the Romans adopted this solution for their calendar, and they became the first to designate February 29 as the leap day.

The math seems to work out beautifully when you add an extra day to the calendar every four years to compensate for the extra quarter of a day in the solar year. However, the solar year is just about 365 1/4 days long, but not exactly! The exact length of a solar year is actually 11 minutes and 14 seconds less than 365 1/4 days. That means that even if

you add a leap day every four years, the calendar would still overshoot the solar year by a little bit - 11 minutes and 14 seconds per year. These minutes and seconds really start to add up: after 128 years, the calendar would gain an entire extra day. So, the leap year rule, "add a leap year every four years" was a good rule, but not good enough! To rectify the situation, the creators of our calendar (the Gregorian calendar, introduced in 1582) decided to omit leap years three times every four hundred years. This would shorten the calendar every so often and rid it of the annual excel of 11 minutes and 14 seconds. So in addition to the rule that a leap year occurs every four years, a new rule was added: a century year is not a leap year unless it is evenly divisible by 400. This rule man-

ages to eliminate three leap years every few hundred years. Now the calendar year and the solar year are just about a half a minute off. At that rate, it takes 3,300 years for the calendar year and solar year to diverge by a day.

So if 2012 is a leap year, meaning that it has 366 days instead of the usual 365 days that an ordinary year has, and we are thinking of it as a correction year, why are some people encouraging us to use that extra day to help the planet? Does it need correcting? Oh "my-gosh" some of you are probably saying? Of course corrections need to be made in regard to how we are using our planet! Ever-increasing pollution due to exponential rise in scientific-industrial growth, coupled with consumerism has in one way or the other seriously affected the pristine purity of our globe. So yes, this is a big topic in and of itself, but there are probably some simple little things you and I can do to help our globe. I don't need to mention them because I am sure you are already doing something in this regard.

What about people born on leap day? Do their birthdays need correction? How is that possible? Their days on earth keep adding one day at a time. It just means their celebration day is the day before but it is not legitimately correct until leap year date actually occurs. But wait a minute! The number will be different! For example, we do have a retired Elementary School Teacher who will be 15 tomorrow on Wednesday February 29th. In actuality, we do know that is not her real age - but it doesn't matter because she really is just a retired teenager and we want to wish her a big happy birthday! Happy Birthday Bernice from all of us.

Chamber meets Thursday

By VICKI BROOKER
Review Staff

It will be a historic moment for Elk Point Chamber of Commerce this Thursday, when they hold their first noon meeting on a Thursday.

The chamber has met on Wednesdays for at least two decades, at various times of day and locations over the years, and previous to that time, met at the Empress on Mondays.

The new meeting day is part of a new schedule, which will also see only one meeting per month, unless a special meeting is called.

The change was ratified at the Feb. 8 annual meeting, to accommodate town representatives who have other meetings scheduled on the traditional first and third Wednesdays, and members who prefer all-noon meetings.

Family Day fun at AGR

Skaters of all ages, along with a few chair-riders, took to the A. G. Ross Arena ice on Family Day for a few hours of free skating.

Mayor Parrish Tung manned the grill for the town-sponsored Family Day barbecue at the arena. Don and Sherry Schultz wait for their burgers while Carson Tung taste-tests the hot chocolate.

Dated at Elk Point, AB. this 15th day of February, 2012.

Family Day weekend, the team traveled to Lloydminster to play their first round of playoffs losing the first game 7 to 5. Team Captain Dustyn Pankiw and Devon "Naz" Nazarchuk with two goals each, Hayden "Hot wheels" Ludlage with a single. Losing the first game by two goals set the stage for the second game here at home on a very rare Wednesday night match. It must have been the air horn, because in this one the boys came out flying and not only did they score the three goals they needed to win by, but added three extra insurance goals to boot, the final 12 to 6 for the Avalanche. Hat tricks for Colton "B Train" VanMaarion, Dustyn Pankiw and Dylan "the Destroyer" Ference. "Naz" with two, and "Coast to Coast" Conner Lychak with a single, four assists for Kaiden "K Rock" Evans Anderson.

Not much time to rest - the boys had to lace them up again on Friday night in the final round against the top team in the league, Mallaig, this game ending in a three all tie. "Hot Wheels", "Naz" and the "Destroyer" with the goals, "Hammering Hank" Rogal with a helper, Darrian "the Dominator" Rybchinsky in net played superb.

Saturday in Mallaig, everything is on the line and the boys had the jitters to start the game. They played their hearts out, but in the end came up too short, 6 to 4 the final for Mallaig. Team captain Dustin Pankiw, the "Destroyer", "Hot Wheels" and the "Dominator" scoring, Angus Mc Farlane, and "K Rock" with assists. Colton "B Train" VanMaarion in net did a great job of keeping the game close.

Four games and two practices in one week finally took its toll. The Avalanche season is now over, but they came a long way from the beginning of the season, and second in the tier two north in the North East Alberta League is still very respectable and nothing to be ashamed of when you play as well as these guys did all year long. A great job by the coaching staff; head coach Darcy Pankiw, his assistants Dave Nazarchuk and Rick Rybchinsky teaching the boys hockey skills and strategy.

Winning two out of three is not bad! The Novice Avalanche winning two out of three games this past weekend. Friday night they traveled to Marwayne, winning this one 9 to 4. Ronan "Radar" Poulin between the pipes, Charlie "Little Angel" Rogal with a hat trick, "Lightning Liam" Ludlage with two, singles for "Danny Boy" Cardinal, Jaden "Jet Stream" VanMaarion, Luke "Skywalker" Poulin, and the

"Stafford Streak" Jace Stafford going end to end for one.

On Saturday at home the Avalanche winning 12 to 7 over Bonnyville. Hat tricks for "Lightning Liam" and the "Little Angel", two for "Danny Boy" singles for "Jet Stream, the "Streak", "Radar" and "Skywalker". "Sexy Slader" in the cage for this one.

On Sunday the Novice met their match when they hosted Dewberry, the final 7 to 5 for Dewberry; still a very close game in the end. "Radar" with the goaltending duties was busy, "Jet Stream" with a hat trick, "Little Angel" and "Lightning" also with one tally each, three assists for the "Stafford Streak".

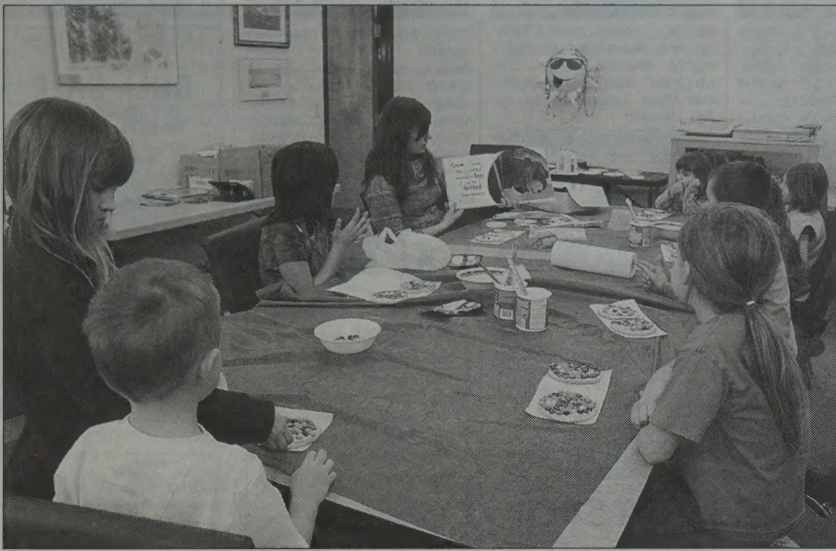

The Atom No. 2 team had a great weekend as well, playing two games at home, winning one on Saturday, in fact it was only the second win of the season for this team, and then losing a very close on Sunday.

On Saturday against Dewberry, the Avalanche won 9 to 6. Two goals each for the very much improved skater Chase Dorey, rugged Tammy "Ram Rod" Roberts, the aggressive "Raging Paige" Henderson and smooth skating brother "Sam I am", a single for the big defenseman "Michelin Man" Parker Allen. Goalie Erin Duffee doing a great job between the pipes.

On Sunday against Lloydminster, "Sam I am" with a hat trick, Erin Duffee and "the Raging Paige" also scoring,

Talk about teamwork. Over in St. Paul on Saturday our little guys, the Micro Novice played in a tournament. This was some of the best passing and teamwork we have seen from these little guys all season. The Avalanche played against Saddle Lake and then Leduc. "Mick Jager" Fontaine with a hat trick, his little brother Kade adding one, Sam "the Spiderman" Rogal and "King Kong Konner" Poitras with two each, singles for Brady Hymanyk, Vanden "Mario" Moroziuk, Josef Theriault, Dean "the Machine" Ockerman with a goal and two assists. "The Sisters Act", Grace and Lenae Peebles with a goal each. Gavin Kadutski with a goal and an assist, Cash "CC" Capjack and "St. Nic" Penner on the score sheet with a few assists each. Some awesome goaltending by "Bazooka Joe" Cardinal and Jayci Marcoux.

And now for the K.A.Campbell quote of the week: A trophy carries dust. Memories last forever." Last week's answer to: "Gold medals aren't really made of gold. They're made of sweat, determination, and a hard-to-find- alloy called guts." - Dan Gable.

Chilling out at the library

Participants in the first-ever Winter Reading Program at Elk Point Municipal Library enjoyed decorating some huge and spectacular mosaic cookies last Thursday, while library assistant Bailey Oster read them a great winter-themed story. Readers have until tomorrow to turn in their Winter Reading log sheets to qualify for the draw for an e-reader. Next on the list of kids' fun is the Cow Bus on May 10.

Fun and games!

Everyone from tots to teens enjoyed a variety of activities during the two-hour slot for games at the Elk Point 4-H Multi Club County Fair on the Family Day weekend. Tossing rings at horse-shoes, bouncing 4-H logo-decked balloons high in the air, and trying out the challenging art of cup-stacking were just a few of the country-style games on offer. Parents enjoyed visiting over coffee as 4-H members and leaders supervised the youngsters. The evening wound up with a family dance for all ages.
